Subject: Application for Title V Permit for\*\*\*\*\*, Application Number V\*\*\*\*\*

Dear \*\*\*\*\*:

As you are aware, Maricopa County has received interim approval from EPA for our Title V permitting program. We expect to begin processing the subject application in the near future. Therefore, if any changes are necessary to the application to meet the completeness requirements of Section 301.4 of Rule 210 of the Maricopa County Air Pollution Rules and Regulations (Rules), they must be submitted to this office by \*\*\*\*\*. Your submittal should also cover any changes which you want to have included in your permit such as additional operating scenarios which have developed since the original application was filed. If no changes are required, please provide a letter stating so. As with the original application, any changes must be certified by a responsible corporate official as required by Rule 210 Section 301.7 and a copy must be sent to the EPA as required by Rule 210 Section 303.1a. The EPA mailing address is:

US Environmental Protection Agency Region IX  
Ms. Ginger Vagenas  
Permits Office (AIR-3)  
75 Hawthorne St.  
San Francisco, CA 94105

If you have any questions or comments or believe that additional time is needed, please give me a call at (602) 506-6738.

Sincerely,

Dale A. Lieb  
Manager, Title V Permitting
